WELCOME TO BASF

In the Coatings Division, we are focused on the development, production and marketing of a variety of coating solutions - from applied surface technologies to automotive paints. Working in global teams, we promote innovation, design and new applications in order to meet our partners' needs. This portfolio is complemented by "Beyond Paint Solutions", which enables new applications with innovative surfaces.

WHAT YOU CAN EXPECT

For our Business Controlling Team in EMEA we are looking for a Controller for our Automotive OEM Coatings business focusing on two key areas: digitalization and business controlling.

- In close collaboration with the global Controlling team, you coordinate global digitalization and automation measures within the reporting landscape, processes, and systems.
- You enable end-to-end automated solutions in the Power BI workspace, along with the access rights concept as a regional gatekeeper.
- Furthermore, you coordinate complex data structuring for requested reporting, thereby ensuring sustainable data quality and consistency.
- As a member of the Controlling community, you serve as a business partner providing analysis to outline and describe business developments while maintaining close interaction with senior management.

WHAT YOU OFFER

- university degree in economics or business informatics
- experience in controlling or business management
- in-depth work experience in data management, BW systems as well as Power BI
- effective communication skills in German and English on a professional level
- networking skills to drive initiatives within the Controlling community

WHAT WE OFFER

- We offer an attractive pay scale salary (Chemical tariff NRW) with vacation and Christmas bonuses as well as lucrative individual benefits such as performance-related bonuses, the option of converting an additional payment into time off or a job bike and an employee share program. We offer comprehensive protection with a company pension scheme that can be individually tailored, supplementary long-term care insurance in line with collective agreements and a value account.
- At our location in Münster, we have our own fitness studio "Freizeit" with a physiotherapy practice, permanently employed company doctors, a company restaurant "Auszeit" including a café bar, a bilingual company daycare center "LackiKids" and a vacation program "LackiKids on Tour".
- We have 30 vacation days/year (full-time), additional time off options and a 37.5-hour week.
- Additional for production/application/logistics: Employees in shift work receive 2.5 hours/week additional time off from the age of 55.
- We offer a wide range of local and global development and career opportunities for professional and personal development.

HOW TO REACH US

- Romy Marie Gruendel (Talent Acquisition), romy.gruendel@basf.com, Tel.:+49 30 2005-56730 will be happy to answer your questions for this position
- You can also reach our recruiting team [here](#)
