Inclusion

It is important to us that people with disabilities have access to a fair application process, providing them with an opportunity to shine. Therefore, our representative body for severely disabled people will be included in the process from an early stage. Please let us know via the application form if you require technical or organisational adjustments during the application process. We will strive to make the required aids available.

Your Role – meaningful & rewarding

As working student (f/m/d), you will have the opportunity to gain professional experience in Cyber Security and might support one of our teams, e.g.:

- **Cyber Threat Intelligence (CTI), Penetration Testing or Vulnerability Management:** Identifying potential threats and weaknesses in our systems
- **Cyber Emergency Response Team (CERT):** Responding to potential threats and mitigating their impact
- **Identity and Access Management (IAM) or Cyber Security Architecture:** Ensuring secure access to systems and data as well as designing and implementing secure systems
- **Information Security Management, Governance, Risk & Compliance or Cyber Range & Resilience:** Managing and protecting information assets, ensuring compliance with regulations, managing risks and building resilience against cyber attacks

Your Profile – authentic & open-minded

- Enrolled in a Bachelor's or Master's program in IT Security or a related field
- Preferably first professional experience in Cyber Security through internships or as a working student (f/m/d)
- High level of motivation to learn and develop
- Strong communication skills and a collaborative mindset
- Fluency in German and English

Our Benefits – smart & useful

- **Experience flexibility:** You can combine coming to the office and working from home flexibly. Thanks to our flexible working hours you can easily balance university and a job.
- **Advance your development:** We grow and we want you to grow with us! We offer exciting tasks and individual learning opportunities.
- **Enjoy fair compensation:** We recognize your contribution with a market-based remuneration.
- **Get connected:** Take the opportunity to engage in our Digital Empowerment Communities for collaboration, learning, and network building.
- **Recharge your battery:** You have 30 days of paid vacation per year plus Christmas and New Year's Eve off.
